COW RUSTLING STILL RAGING

We read stories of "Cow Rustlers," hear old timers relate how gangs operated and how the law was quickly meted out to the rustlers. But how many would think that in this day of modern life, the good old docile Molly, the Milch Cow, would be "snatched" from her quiet lot, right here in Hamlin and frisked away to far green pastures? Hard to think of that.

But recently "Cow Catchers" have operated not only in Hamlin but in other West Texas towns, according to reports of the high Sheriff of Jones County.

Last Saturday Sheriff Gordon was over to investigate a "cow-lifting" case in Hamlin—in fact three cows were taken last week. One from J. B. Bowman, one from Mr. King and one from Mrs. Kincaid. Gordon held several conferences with City Policemen, Jack Miles and Elmer Brewer, and citizens who had lost cows. Soon a "start" was picked up and by Sunday the three officers had trailed a fast traveling passenger car pulling a trailer far over into Collin County. At Celina they located and arrested a fellow, said to be named Clyde Brigham, of Lubbock, or recently of Lubbock, and the three cows, one of which was identified by Jack Miles and two by Elmer Brewer. There was a third unidentified cow, said to be from Hamlin. The man had left the cows in a pasture while negotiations were underway for a swap later. The man was brought back to Anson's jail, and the cows left in charge of the sheriff of Collin Co., probably to be back home by this Friday.

From information, it seems that the Bowman and King cows were slipped out of the lots in South Hamlin and Mr. A. A. Bowman, father of J. B. became the "sleuth." He followed tracks and finally over in the bend of the road near the bridge on the old Anson-Hamlin road he saw signs of where cows had been and the dirt all tracked up—auto and trailer tracks. From here on the officers had no trouble in the hunt. Reports say they followed the auto and trailer easily and that little towns it passed reported them going at fast speed. Things like that attract attention, and make such actors readily caught.

SERVICE STATION BEING REBUILT

The Bob Smith "Conoco" service station on Central Avenue and Highway 96, is being entirely rebuilt, enlarged and modernized. It occupies a favorable position in the travel lanes about Hamlin and this improvement will no doubt be helpful for comfort and business.

This station should be attractive from every side. A lot of evergreens and grass, plus the wide shade will attract trade. It pays to have a neat attractive service service station.

FARM HOME BURNED GOODS BURNED WEEK LATER

The E. D. Jenkins home on Flat Top burned two weeks ago. Everything was burned except a few articles like mattress, sewing machine and some quilts and linens.

The cause of the fire has not been determined—no insurance on furniture but some on the house.

Mr. Jenkins says he stored the goods saved with other articles in a seed house and last Sunday night this house and all the goods were burned. The origin of this fire was again not known.

Already a five-room house is almost ready for the family. Elsewhere is an expression of thanks from the family for the aid given.

MRS. F. D. STEWART DIED EARLY MONDAY

After a lingering illness of several months, death claimed Mrs. F. D. Stewart, at the home of her daughter, Mrs. A. Hudson, on 10th street, at eight o'clock Monday morning, June 22.

At the time of her death she was 72 years, and 8 months of age. She was born in the state of Georgia, on Oct. 22, 1863. In early childhood her parents moved to Mississippi, where she grew to womanhood, and married F. D. Stewart. In her early twenties she and her husband came to Texas. Mr. Stewart passed away in Hamlin in March, 1933.

Three daughters survive: Mrs. J. S. Armstrong of Rising Star; Mrs. Floyd Winslet of the Neinda community and Mrs. A. Hudson of Hamlin. One son, Fred Stewart, of Wichita Falls.

Mrs. Stewart is also survived by three sisters: Mrs. Lee Littleton, of Eastland, Mrs. J. A. Littleton of Arlington, and Mrs. Walter Ray of Cisco. Three brothers: A. L. and C. R. Bond of Eastland and J. H. Bond of Ashland Oregon.

Funeral services were held at the Methodist Church, of which she had been a member a long time. The pastor, Rev. Longino and Rev. J. Henry Littleton conducting the services.

Barrow Directors had charge of the body and interment was in the East Cemetery.

Among the relatives from out of town coming to the funeral services were Mr. and Mrs. J. S. Armstrong of Rising Star; a brother-in-law, Hon. S. A. Bryant and his daughter, Miss Elizabeth, of Memphis, Texas, and also Mr. Bryant's daughter, Mrs. O. L. Jameson of Knox City. All of the children and grand children of the deceased were present.

MISS GLADYS MARTIN NAMED H. DEM. AGT. OF JONES COUNTY

Miss Gladys Martin of Coryell County has been named County Home Demonstration Agent of Jones County to succeed Miss Jewell Faulkner, who has served in that capacity for the past year and half.

Miss Martin comes most highly recommended from the Extension Staff at College Station. She has been connected with the Extension Service for the past seven years; having served four and one-half years in Tom Green County and two years in Coryell County.

Miss Martin will arrive in Jones County the latter part of June and will assume her new duties officially July 1.

McCAULLEY BOOSTERS

ADDRESSED TUESDAY NIGHT
BY REV. J. A. YOUNG

On Tuesday night of last week the McCauley Booster Club met in their regular monthly session, at the Methodist Church.

The tables were served by the Boy Scouts' mothers, and the proceeds went to the Scouts. The Boys put on a program.

The chief feature of the evening was the address of Rev. J. A. Young, of the Swedonia community north of McCauley. His subject was "Fisher County Fifty-Two Years Ago." He related much of his experience 52 years ago and the organization of the county 50 years ago. Brother Young held close attention of everyone.

A business session was held before adjournment dealing mostly with the plans and preparations for the McCauley Birthday Celebration in August. Perhaps fifty persons were present.

SECRETARY ROPER AT FAIR. Secretary of Commerce Daniel C. Roper is shown above left as he arrived in Dallas Saturday for the opening of the Texas Centennial Exposition. He is being greeted by Governor James V. Allred, with whom he participated in the opening ceremonies.

TEN MILLION WILL SEE CENTENNIAL

DALLAS, Texas, June 23.—Paid admissions during the first week of the Texas Centennial Exposition exceeded the total for the first week at Chicago's 1933 Century of Progress Exposition by 58,790, official comparative figures revealed here today. Paid admissions during the first week of the 1934 Century of Progress Exposition exceeded the first week's total for the Texas Centennial Exposition by 4,755.

The paid admissions for the first Centennial Exposition week totaled 231,149, while the 1933 Chicago exposition total was 172,359, according to official figures for both fairs. The paid admissions for the 1934 Chicago exposition totaled 235,904.

These figures for the Texas and Chicago expositions do not include admissions by passes of employees, press representatives and others.

Texas Centennial officials were

elated over the comparative figures when announced by W. A. Webb, general manager. If the average attendance for the first week is maintained, the total attendance for the exposition will exceed 10,000,000 visitors expected by executives before the close of the Texas World's Fair November 29.

CENTENNIAL

NOTES OF INTEREST:

Police within and about the Texas Centennial Exposition grounds are really walking information booths rather than bogey men. That goes for traffic officers too, said R. L. Jones, Chief of Dallas police. "A visiting driver would have to do something awfully bad and really prove himself an incorrigible before we would give him a ticket," he said.

Parking prices hit a low level this week about the Texas Exposition grounds as rates dropped to 15 and 20 cents. Lot owners, who at the outset of the Exposition asked a half dollar, brought out red painted

Two Texas Governors on Midway

ALLRED AND NEFF RELAX A BIT.—Gov. James V. Allred found a bit of time to frolic on the \$5,000,000 Midway as he helped open the Texas Centennial Exposition in Dallas. He is shown here pushing former Governor Pat Neff, now president of Baylor University, in a ricksha. Janice Jarratt, "Sweetheart of Texas," is in the other ricksha.

MRS. C. S. LOW DIED SATURDAY, JUNE 20

Mrs. C. S. Low, who had been very low for several days, passed away at her home on Alamo Avenue, Saturday, June 20, at 5:30 P. M.

Mrs. Low was born in Kalleen, Texas, April 11, 1867, and was 69 years, 2 months and 9 days of age.

Mrs. Low's Maiden name was Bettie Flemming, daughter of A. J. Flemming, who moved to Eastland County in 1876. In that county she grew to womanhood, and was united in marriage to C. S. Low on Feb. 2, 1888. To this union there were five children born, three of whom with their father, survive. Their names are Bob and Dick Low of Hamlin, and Mrs. W. M. Meador of Alpine, Texas. There are seven living grandchildren. Two sisters, Mrs. J. F. Thurman of Lubbock, and Mrs. W. J. Poe of Hamlin, survive.

Mrs. Low had been a member of the Methodist Church since the age of 18, living a consistent Christian life to her death. She was a member of the Eastern Star, a charter member of the Chapter in Hamlin.

Funeral services were conducted at the Methodist Church Sunday afternoon by the pastor, Rev. Longino Rev. Hardy and Rev. J. Henry Littleton.

The Barrow Company had charge of the body, and interment was in East Cemetery, Hamlin.

The out-of-town relatives attending the funeral of Mrs. Low were Mr. and Mrs. Holland Leatherwood and children of Fort Worth; Mr. and Mrs. C. A. Hull and Mr. and Mrs. Jerry Earp of Knox City; Mr. and Mrs. Jack Bishop of Carbon; Mr. and Mrs. J. F. Thurman and daughter, Miss Stella of Lubbock; Mr. and Mrs. Earl Temple and children of Lamesa; Mr. and Mrs. W. M. Meador of Alpine; Mr. and Mrs. Herman Haynes and children of Weinert and Mr. and Mrs. Hicks of Knox City.

Friends from out-of-town were Mr. and Mrs. Gordon Barrow and daughter, Miss Beth of Abilene, and E. C. Brand and O. H. Berry of Sweetwater.

NO PLANS TO CLOSE JULY FOURTH

It will be noticed in this week's advertising by some of the firms of Hamlin that they do NOT plan to close on Saturday, July 4. That memorable Day is one week hence from this Saturday. The Herald will visit its readers one more time before July 4th.

The surrounding towns, according to reports are to remain open and if one firm does here that means every one. Possibly the Herald WILL be closed but the editor will be browsing and rambling around as usual attending to business. Come on to Hamlin as usual, perhaps you will be as patriotic as if you went somewhere and heard a lot of windy speeches, and drunk red lemonade, and run the chance of getting smashed by a drunken patriot. (?)

Mrs. D. A. Tims and daughter, Miss Dorothy, of San Angelo, came over this week to look after their house and to visit Mrs. M. J. Finis.

signs and went to hawking for cars on a 15 cent rate.

Visitors to the Texas Centennial need have no serious fears about the food they eat within the Exposition grounds. Five Dallas inspectors have been assigned the task of eliminating bad food.

Texas Centennial officials have not, and will not, overlook the children. Every Tuesday for the duration of the Centennial Exposition will be children's day with a nickel price on the entrance gate and all concessions.

Housing problems of visitors to the Texas Centennial Exposition during the first 10 days were solved on a gigantic scale as the Centennial Housing Bureau placed 63,000 persons at an average cost of \$1.75 per day.

Long parchment rolls like those used 2,000 years ago and pictures of preachers with pistols in one hand and bible in the other feature church exhibits in the Hall of Religion at the Texas Centennial Exposition.

WELLINGTON MAN BUYS HAMLIN CAFE

Last week, John Bonner of Wellington, closed a deal for the cafe, formerly operated by Ray Fry.

This cafe has been closed for a number of months.

Mr. and Mrs. Bonner are already in Hamlin and striving to open for business this Saturday.

Mr. Bonner is experienced in cafe and theatre business. He is locating in Hamlin to make his home here and be a helpful citizen. His wife will assist him and later a daughter.

JOHN BONNER

Mr. Bonner is a cousin of Hamlin's postmaster, Harold Bonner. His record as a citizen of Wellington and other places is well expressed by the fact that he has twice been elected as President of the Kiwanis Club, in Wellington. In Sherman, Palestine and Midland he was a member of the Rotary Clubs, and a Lion in Anson, Colorado and Borge.

Letters of recommendation from places where Mr. Bonner has lived, vouchsafe for him a man who will be accepted in Hamlin's civic and business affairs. His activity in many lines of community welfare means that Hamlin can use him to good advantage.

Look for the new cafe ad in this week's Herald.

N. E. MONEY'S MINISTER BROTHER, REV. H. T. MONEY DIED AT GREENVILLE, TEX.

A message came to N. E. Money of this city, Monday, saying that his brother, Rev. H. T. Money had died at his home in Greenville, Texas. He was 77 years, 3 months and 9 days of age. The Rev. H. T. Money is perhaps the first minister the Herald editor remembers meeting after arriving in Texas 46 years ago. He was a very sprightly, able man in his early days and in fact, continued to preach until a few years ago when he suffered a stroke of paralysis. Rev. Money came to this part of the West and preached at Hittson several years ago while visiting his brother, N. E. Money.

Building Constructor

"Constructor of Buildings" is the unusual title Miss Birte Benzon will bring from her home in Denmark to Texas State College for Women (CIA) when she enrolls this fall. Miss Benzon, who was the only girl graduated in a technical course with 48 boys, comes to Texas as a foreign exchange student with the recommendation of Ruth Bryan Owen, United States Minister to Denmark.

POLITICS: So far this county, this section of the country and this state has not stirred up much interest in Politics.

Politics gets worse and worse. This is election year. The time for choosing men or women to hold public office for two years, starting in January, 1937. There are many, many applicants. Offices that effect every walk of life for good or for worse, depending on how well the official conducts his office and affairs of state.

Usually there is keen interest in who shall be elected Governor, however, this year is not the end of a four year period. Governor Allred has held the office but part of one term. He should be re-elected and with him a settled, sound, sensible legislature. Neither can accomplish much without the other. Incompetency on either side cripples the whole. Notice the number of men wanting to get an office that pays but \$4,000 per year. They are spending, or the forces backing them are spending many times that amount to defeat Jimmy Allred. Let us suggest that when a man asks you to vote for this and that office, look him hard in the eye, and think just why does he want that office. Some will serve with true patriotism, while others will dig the state or whatever they get into, to the very red. It is very essential that one wanting to go to the legislature, should have in mind just why and just what he wants to offer to do. The people should know it be-

fore hand. Elect an "indefinite" and you will get indefinite and indifferent services. The powers of the legislative body are far too great to be banded about to just anybody. No official is worthy of the place he fills unless he has lots of energy and common horse sense to do things on a business basis.

A blind vote is dangerous. Some candidates, especially for state places hope to be elected on the "blind vote." It is often hard for the voter to "KNOW" even a little about the candidate. In such cases maybe the constitution and the statutes will hold long enough to get him out.

* * *

NATIONAL POLITICS is getting red hot this week. The greatest convention of Democrats ever assembled in the world is now in session at the historical city of Philadelphia, in the hot bed of Republicanism. The outstanding feature of the convention up to this Thursday was the keynote speech of Senator Barkley of Kentucky, on Tuesday night. By the time the Herald gets to all of its readers in this community, the work of the 1936 Democratic Convention will have been done and everything over but the shouting on Saturday night. The Barkley speech is regarded as one of the greatest in the history of the party. Our guess is that in 1940 Barkley will be the nominee. Then the real battle for control will be waged between Democrats and Republicans.

* * *

CLEAN-UPS and politics are not so far removed. In every community there is always a lot of rubbish that needs cleaning out or rubbing up. This year the "Ins are trying to get the Outs," not only in nation and state but in county and precincts. The last few weeks Hamlin civic minded citizens have been earnest in making our town look better, look more decent, more comfortable. Many who do not live

here, but own property here have fallen into line with the idea that if a thing is worth keeping and paying taxes on it is worth keeping clean.

We note that Rev. J. A. Young, who owns a nice lot on corner of 2nd street and Jackson Avenue, has had a man by the name of Bob Fletcher dolling grounds up and now a thing that was ugly is a pretty plot of ground, clean, with the trees all well selected and trimmed. Speaking for the people who have to look out on that lot, Bro. Young, thanks a "million."

Somebody has used poor caution by burning trash where the blaze could injure mesquite trees. What a pity a precious tree has been burned in Hamlin. No use in destroying a tree, unless it is in the way. By this good year, 1936, Hamlin could be beautiful with mesquite trees lining every avenue and street, making long shady vistas, instead of long weary, shiny, dusty streets, if our native trees had been given the proper care. What a difference!

EVERY wise housewife has a file of desserts that can be produced "in a twinkling" when the man of the house phones—usually at the last minute—and says that he is bringing George or Bill home to supper. The corner store will provide the vanilla icecream

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF JUNE 21

1832—On the morning of June 25 the Texans approached Fort Velasco and made formal demand of the surrender of the place; promising if the summons was obeyed, the soldiers should retire with their arms provided they should be sent out of Texas. The summons was totally disregarded.

1832—On June 26 the Battle of Velasco was fought and the Texans were victorious.

1845—The Texas Senate unanimously rejected the Mexican treaty of recognition June 21.

1845—A special Texas Congress by joint resolution, gave its consent to the annexation of Texas to the United States on June 23.—Texas State College for Women.

Mr. and Mrs. T. E. Verner, Jr., and three little daughters, of Buckeye, Arizona, came over last week to visit their parents, Mr. and Mrs. J. W. Wendel. Mrs. Verner, before her marriage, was Clara Wendel. They will spend two weeks here.

Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use **Black-Draught** when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

THE queen of summer time cakes is undoubtedly sponge cake, for it makes a perfect dessert of a dish of fresh fruit or berries and caps the climax when it accompanies a dish of ice cream. Here is a sponge cake fragrant with the always delightful odor of oranges. It makes a delicious sponge cake variation.

Orange Sponge Cake

1 1/4 cups sifted cake flour; 1 1/4 teaspoons double-acting baking powder; 1/4 teaspoon salt; 1 cup sugar; 1 tablespoon grated orange rind; 2 eggs and 1 egg yolk; 1/4 cup orange juice; 1/4 cup water.

Sift flour once, measure, add baking powder and salt, and sift together three times. Add 1/2 cup sugar and orange rind to eggs, and beat with rotary egg beater until thick and lemon-colored; add remaining sugar gradually, beating very thoroughly; then add orange juice and water. Add flour gradually, beating with rotary egg beater until smooth. Bake in ungreased tube pan, in moderate oven (350° F.) 55 minutes, or until done. Remove from oven and invert pan 1 hour, or until cool.

Mr. and Mrs. Alva Allen of Cross Cut, Brown, County, came in Friday of last week. They came at the call of the serious illness of Mrs. Stewart, a relative of Mrs. Allen.

Miss Winnie Miller, of Hamlin, left for Lubbock, Wednesday, where she will stay till the 3rd of July visiting relatives.

COWBOYS READY IN STAMFORD

STAMFORD, Texas, June 23. — Final preparations are being completed by officials of the Texas Cowboy Reunion for the opening of its seventh annual rodeo and round-up here July 2-3-4. All buildings, grandstands and corral fences have received a new coat of paint. The ground of the arena has received a can-soil treatment, a preparation to prevent dust, which is calculated to be one of the most appreciated improvements that has been made this year.

Numerous ranches have indicated that they will send their chuck wagon again this year. These wagons will be assembled in a fenced area, where wood, water and beef are furnished, and where other needed commodities may be had from the chuck wagon commissary, a new feature to simplify providing the chuck boxes. Chuck wagons are fascinating to visitors of all ages it seems, and this year in order that all may have the opportunity of eating at one of them—tickets for a noon day meal may be purchased for a small fee.

The Reunion draws a list of notables each year. Last year the late Will Rogers characteristically dropped in unannounced to see the show. Governor James V. Allred has attended nearly every year, and the governor has given positive assurance that he will be back this year. Arriving in Stamford at noon on July 4, he will head the afternoon parade and pilot it to the rodeo grounds where he will be a guest at the afternoon performance.

WOULDN'T you like to serve a

you can
achieve it with
Pinwheel
cookies. A chocolate
cookie, with its smart contrast of
dark and light looks as it were very
difficult and tricky to make—but
it's really very simple.

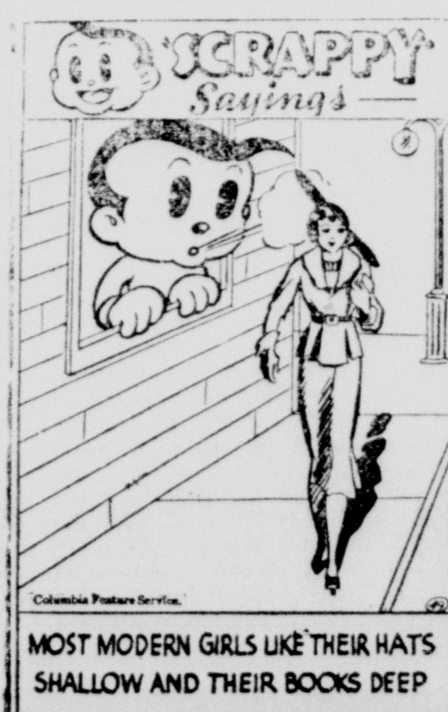

Chocolate Pinwheel Cookies

1½ cups sifted flour; ½ teaspoon double-acting baking powder; ¼ teaspoon salt; ½ cup butter or other shortening; ½ cup sugar; 1 egg yolk, unbeaten; 3 tablespoons milk; 1 square unsweetened chocolate, melted.

Sift flour once, measure, add baking powder and salt, and sift again. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg yolk and beat well. Add flour, alternately with milk, mixing well after each addition. Divide dough in two parts. To one part, add chocolate and blend. Chill until firm enough to roll. Roll each half into rectangular sheet, ¼ inch thick, and place chocolate sheet on top. Then roll as for jelly roll. Chill overnight, or until firm enough to slice. Cut in ½-inch slices. Bake on ungreased baking sheet in hot oven (400° F.) 5 minutes, or until done. Makes 3½ dozen pinwheels.

NOTICE OF APPRECIATION

Because was have no better way, we use this very ordinary method of expressing our most sincere gratitude to the neighbors and friends of Hamlin, for the many manifestations of sympathy and love in the recent illness and death of our mother, Mrs. F. D. Stewart. And especially do we feel indebted to Dr. Bynum and the nurse, Miss Dickinson, for their efficient and untiring services in her last hours.

We deeply appreciate the action of those in authority for closing the street in front of her door, thereby adding to her comfort during the last four days of her life.

To the many kind hands of the ministers and ladies who lavishly cared for our every need and comfort we shall ever be grateful.

Signed,

Mrs. J. S. Armstrong,
Mrs. F. H. Winslett,
Mrs. A. Hudson,
and Their Families.

Miss Lillie Sue Padgett of Pampa, is visiting her sister, Mrs. R. B. Morgan and is doubly enjoying her visit on account of their parents, Mr. and Mrs. W. J. Padgett, of Laurel, Miss, being also here, guests of Mrs. Morgan.

Mr. and Mrs. L. B. Pribble are spending the week in Temple.

Mr. and Mrs. Richard Hinkle of Pecos, spent the week-end at the home of their parents, Mr. and Mrs. Bowen Pope.

Spurn Modern Tactics

THE first week in May is the signal for two widely different methods of honoring the salmon—King Chinook—along the Columbia River.

At Celilo Falls, Oregon, the Indians observe their annual ceremonial salmon feast and Thanksgiving, one of the oldest traditions in the religion of the American Indian.

Borne on a platter of cedar bark, sprinkled with the down of a young eagle, the first great Chinook of the run caught as throughout generations with ancient spears, is carried to the Celilo Indian long house. Prayers of Thanksgiving to the Great Father for bringing the salmon back, the spring feast, and the salmon dance, from which the white man has always been excluded, are a part of the celebration which follows.

The Indians fish for salmon on the rocks ceded to them generations ago, fishing rights to various rocks being handed down from father to son. It is considered a disgrace for the fishermen perched above the treacherous rapids to secure themselves with ropes or other support and each year the river takes some toll, an Indian giving his life rather than lose his battle with the giant fish.

On this same day, farther along the river, the modern antithesis of this scene is enacted. More than 2000 fishermen, in boats equipped with the most modern of gear, set forth at noon to begin the season which supplies raw material for the canned salmon industry. The average catch of these commercial fishermen each season is from five to 12 tons, which, canned, is shipped to all parts of the world.

THE SPILLWAY

On account of a rather extensive program for mission work in the rural sections the Church of Christ has changed the time of the evening service on Lord's Day to seven-fifteen P. M. instead of the usual eight-fifteen arrangement. This plan affords an opportunity for two services, one in Hamlin, the other in some rural community an hour and fifteen minutes later.

We hereby appeal to everyone to co-operate fully in this new plan. If you are a member of the congregation do your part by being there on time, and thus encourage others to come. If you are a member of another religious body, come with us at that hour then you will have ample time to attend other services following. Should you not be a member of any group religiously, we welcome you to study with us the gospel of our Lord. Remember the hour, 7:15 P. M. each Sunday.

The church is now conducting a series of gospel services in Radium, half-way between Hamlin and Anson. Woodie Holden, evangelist for the congregation is speaking each night at 8:30 on Bible topics, and interest is growing with each service. You have a cordial invitation to drive in that direction, stop by in the cool of the open air to have part in the assemblies at that place. The meeting is to continue through Wednesday of next week.

Let us have a mind to work, a zeal for Christ, according to knowledge, a spirit of Christ in service, that we might keep the unity of the Spirit in the bond of peace.

WOODIE HOLDEN, Minister.

ENCAMPMENT AT LUEDERS NOW ON

The Annual Baptist Encampment at Lueders is now in progress. It started Monday night and will continue to the middle of next week.

The Sunday program includes the high points of the encampment.

The Encampment has grown in importance each year for more than ten years. It has all modern equipment and conveniences, for comfort and study.

This year's list of men and women on the programs includes some of the prominent leaders of the state. No session will be dull. The services have the best song leaders available and the speakers are rich in experience as Christian workers.

Those attending the encampment have either comfortable camp houses fitted for housekeeping or shady trees over their tents. The Clear Fork of the Brazos affords a pleasing background with its wooded banks and channel of clear water.

BAPTIST W. M. S.

The various circles of the W. M. S. will sponsor the four organizations of young people in a social program next Monday. The Junior boys (R.A.'s), the junior girls (G.A.'s), the Intermediates and Sunbeams, are all urged to be present. There will be plenty of refresh-

SOME years ago I visited the Minnedoka dam on the Snake river in Idaho. As one enters, the white-tiled power house with its gigantic wheels turning silently, one wonders from where the power comes. Ushered into a gallery one looks down upon the water of the river, directed over a 40-foot dam dropping with tremendous noise. "Only one-fourth of the water goes over the dam," said our guide. "I'll show you where the rest goes."

Climbing a narrow stairway we stepped out on a balcony and to our surprise beheld a low, broad waterfall about 4 feet in height across the entire river, which was fairly wide at this point. "This," he said, "is the spillway." An interesting sight it was to come out from that busy rushing water in the power house to this lazy water flowing smoothly over the spillway. "No use is made of this water over the spillway," he said, "its power is lost." Lost, thought I, because it gives no service—it is lazily selfish. Power comes through service, whether found in nature or human nature. If we would have power we must choose between selfishness and service.

He told us the power house generated enough electricity to heat and light all of the Northwest. If all the water of the Snake, including that which went over the spillway, were sent through the power house, he thought enough power could be generated to heat and light most of the states west of the Mississippi river!

His words "over the spillway the power is lost," kept ringing in my ears. How like human life, I thought, as I stood on the balcony watching that beautiful indolent water glistening in the sunshine, gliding listlessly over the spillway. I wish for all youth that they might catch a vision, as I did in the power house that day, of the potentiality of human energies and their results when directed through the power house of character, education and self-control. Many young men and women would grow strong in leadership if they would voluntarily send all of their physical, emotional and intellectual capacities through the power house, conserving the power that is all too frequently lost over the spillway of indolence, indifference, selfishness and crime, in the growing years of the treacherous teen age.

"Effort is the price of everything" one statesman said. In fact, leadership of any kind comes costly; it is bought with sacrifice.

1/2 package (4 tablespoons) lemon-flavored gelatin; 1 cup warm water; dash of salt; 1/4 cup powdered sugar; 1/2 teaspoon almond extract; 1 cup heavy cream; lady fingers.
Dissolve gelatin in warm water. Add salt and sugar. Chill until cold and syrupy. Add almond extract and cream. Place in bowl of cracked ice or ice water and whip with rotary egg beater until fluffy and thick like whipped cream. Turn into mold lined with lady fingers. Chill until firm. Unmold. Garnish with maraschino cherries, cut in eighth. Serves 3.

PEACHES

set the Fashions

YOU'VE seen them at the fashion shows. You've seen them in the news reels. Who are they who set the styles that others follow? The so-called intelligentsia? The artists who design? They are the "peaches," so-called. Style experts may sit up nights to think of something snappy in bathing suits. Maybe it's good, maybe it isn't. How does it look on the Hollywood bathing beauties? There's the test. It receives acclaim when the male audience at the movies look it over and say—"That's a peach!"

Fruits Follow the Leader

So it is in fruit dishes. Many a popular fruit dish was started by peaches. When it thus made good, other fruits were substituted and found to be also delicious. Take the case of peach cobbler. Years ago a cobbler was almost invariably a peach cobbler. But they were so good that dietitians tried out other fruits. Today we have delicious apple cobbler, pineapple cobbler and many others.

Among the new dishes that peaches have more recently introduced are peach and cottage cheese salad, baked peaches with bacon, peach cake with penoche icing, baked apples stuffed with peaches, peach and melon cocktail and many, many others.

Keep plenty of these up-to-date peaches on hand, and if you are a good food "designer," dress them up in original ways. You'll find you are setting the style in your own set, for people will taste your new dish and say—"That's a peach!"
